# WHAT TO EXPECT

We now know from experience that spring time, coming into summer, is ideal for golfing in the Wakatipu. With fantastic weather and brilliant courses to enjoy, there's nowhere better to be for your golfing holiday. There are more hours of sunlight to relax, socialise and dine as the sun typically doesn't set during the summer in Queenstown until around 10pm. Our holiday is mid to late November when the weather transitions to summer and the level of warmth increases exponentially. There are also more adventure activities on offer, including but not limited to a ride on the luge or just admire the view with lunch or a drink (or both) after a trip up the Skyline Queenstown gondola. If more adventurous things take your fancy then how about an exhilarating jet boat ride through the scenic Shotover river, an early morning hot air balloon ride or even a day trip/flight to Milford Sound.

Over the course of the trip you will be playing rounds on the leading golf courses in the Queenstown region and seeing some of the most spectacular scenery in the world at the same time.

We will again absorb ourselves in the Millbrook experience, marvel at the views at the Queenstown Golf Club on the Kelvin Heights Peninsula and take up the challenge of the very special Jack's Point at the base of The Remarkables. Due to the feedback from our last trip we have decided that a second round at Jack's Point is a must on our final day followed by our farewell gathering. All golf days have carts included and a packed lunch at Millbrook and Queenstown Golf Club.

# CONTINUED...

We're planning a cruise on beautiful Lake Wakatipu for our welcome get together. We know you will enjoy taking in some sights from a different view point. We have added a mid-holiday dinner which is included in the cost of your trip so you don't have to "think" where you want to go on at least one of your evenings in Queenstown.

For the "wine buffs" amongst you, we will be offering an optional coach trip for lunch to Carrick Winery in Cromwell. The trip will take you through some beautiful country including Kawarau Gorge, the site of Queenstown's famous bungy jump, the Gibbston Valley Wine Region, home of Pinot Noir and Roaring Meg.

# ACCOMMODATION

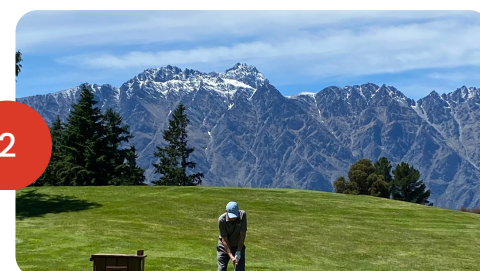

Your accommodation is the stunning Glebe Apartments, centrally located and just a two minute walk into the heart of the town centre and a brief stroll to the edge of Lake Wakatipu and the lovely Queenstown Gardens. Our previous holiday guests found these apartments to be perfectly equipped with lots of space for relaxing and socialising.

All apartments are fully self-contained with luxury fittings, the views outstanding and just a warning... you may not want to leave.

Limited availability of The Remarkables and Cecil Peak Penthouse Apartment on request.
